

On the occasion of the end of year holidays, on 24 December 2018 the Multidisciplinary Center Malteser Lezha set up a cocktail for roma / egyptian and non-roma children attending the Center. The kids were entertained at the pace of music, once again recalled all the past moments of a year and wished each other for the end of the year. The purpose of the activity was to celebrate the coming of Christendom and the New Year where the children expressed their wishes for the coming year.

The activity was held at the premises of Malteser Lezha Center and were attended by 40 children between the ages of 5 and 14 years old.
